Breathe Easy with the New Roller Insect Screen

Fly-Away

ROLLER INSECT SCREEN

Keep unwanted flying insects at bay with this Fly-Away Roller Insect Screen. Developed with hygiene paramount this Fly-Away Insect Screen simply pulls down to create a safe barrier between you and the outside with the help of a unique fibreglass micro perforated screen. Easily fitted on the inside or outside of your windows and doors the Fly-Away Roller Insect Screen rolls into a compact powder coated aluminium case less than 45mm square.

- Keep your rooms free from germ spreading insects
- Keep out unwanted stinging insects
- Tough fibreglass perforated screen
- Aluminium slimline box and tracks
- High visibility when closed
- Hygienic for your property
- Light and easy to use
